Continuation of Substance of Interview including description of the general nature of what was discussed: Ms. Mallon called to inquire how to properly respond to the written restriction requirement and the supplemental election of an agent of group C and the election of a combination of agents as discussed in the telephone conversation on 7 June 2005, because the agents of group C (those of claims 28 and 61) were not presented in the previous requirement and, thus, were not assigned group numbers. Examiner told Ms. Mallon to number the agents appearing in Claim 28 consecutively starting with the number XXII for memantine through number XXXI for dexanabinol and to respond giving both the agent name and the group number assigned. .
